In re the Application of

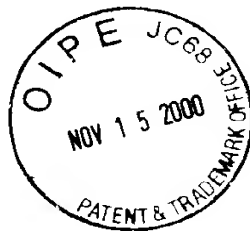

Keqiang WU et al.

Application No.: 09/645,337

Filed: August 25, 2000

Docket No.: 104107

For: REPRESSING GENE EXPRESSION IN PLANTS

REQUEST FOR APPROVAL OF DRAWING CORRECTION(S)

Director of the U.S. Patent and Trademark Office
Washington, D.C. 20231

Sir:

The Examiner is requested to review and approve the proposed addition of new Figure 19C, a clean copy of which is attached hereto. Because the figure is being newly added, the changes are not marked in red. New Figure 19C is supported by the specification at, for example, Example 5 at pages 46-47.

Upon approval by the Examiner, and upon allowance of this application, the formal drawings will be corrected.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "James A. Oliff".
